- Includes 3.25-inch (8.25 cm) Tube for Full-Size Cameras
- Contemporary Design
- Adjustable Swivel Head
- Supports up to 7 lb (3.2 kg)

WALL MOUNT,  
FULL SIZE CAMERA

T-RAIL MOUNT

WALL MOUNT,  
COMPACT CAMERA

The **C10-UM** is a universal camera mount kit that includes all the components for wall, ceiling, or T-rail clip installations for most box type cameras with 1/4 x 20-inch mounting holes. The kit supports cameras weighing up to 7 lb (3.18 kg). The ball socket of the kit allows for 360-degree pan adjustment and 90-degree tilt adjustment.

The **C10-UM** mounting plate is designed to attach a standard 2 x 4-inch (5.08 x 10.16 cm) electrical box, or it can be flush mounted to the ceiling or a wall (hardware not supplied). A T-rail clip is included for installations where the mounting plate cannot be used.

Designed with a fully adjustable ball socket, the **C10-UM** allows for camera adjustment from a level position to a tilt angle of 90 degrees and a rotation of 360 degrees. A set screw locks the ball socket in place.

Finished in an attractive neutral gray color, the mounting pieces compliment cameras without being a distraction to the installation aesthetics.

NOTE: VALUES IN PARENTHESES ARE CENTIMETERS;  
ALL OTHERS ARE INCHES.

# TECHNICAL SPECIFICATIONS

## MODEL

C10-UM
